

Dear Veterans,

First off let me start by saying Happy Veterans Day!!!! You guys and girls are amazing you guys changed the world so much its like you guys own it. I want to thank you for sacrifices I can look at this beautiful world without bombs being tossed everywhere or people worrying about war with others. You guys showed the world that we don't have to fight to make our point or fight to show which is better me and you can feel safe thanks to your awesomeness!! I also heard you guys hang out at the VFW I would love to come and hear all of your story's even though I never thought Veterans Day was this important but since we learned about it today yea really important to you veterans and us. It is amazing how you guys sacrificed for our country thank you guys again you guys will always be in my heart.

Signed-

*Aliya H*
