

Dear Veteran,

I am very happy that you have protected us even if it was very dangerous.

You've always been there for our country. You've went away from your family to protect us, I honor you very much. You're amazing, spectacular, supér as we say in French. The country loves your work, they love what you do for us. I also love what you do and how you all work together. Everyone around knows that your job is hard and we know that you put a lot of work into it. Thank you for protecting our country, thank you for working so hard to keep us safe, thank you for being the person you are today. You're something that everyone will remember, when someone talks about you they'll say "wow that person is very brave, they know what to do, they are very smart and very very brave to do this for our beautiful country, every time I look at that I person I say wow".

Happy Veterans Day!

Sincerely, Hana
