

Dear veterans,

Thank you for serving our country. My great grandpa died serving the country his name was Isaiah. I will soon hope to become a veteran but, I that you taking a risk to serve the country. I really admire people who served our country because they are doing what right for the would. I am glad that the government made it a celebration because people need to be known for what they did and it's I wish the best for your future.

Sincerely;
