

Dear Veterans,

Thank you Veterans for serving our country. The sacrifices that you go through are very sad but we appreciate you . We celebrate a holiday to thank how you are protecting our country . We want you to know our country wouldn't be alive If it wasn't for you guys. Some love ones are gone but if it wasn't for them our country would be in harm. This COVID has probably push back seeing your family but your family know everything will be ok . I will pray for everyone who are serving our country. I want you to know America wouldn't be here If wasn't for you
